

BASELIFT 6310HA

Electric Height Adjustable Worktop Lift Systems—FLOOR Mounted-CORNER Models

Baselift 6310HA – **CORNER** models – are **FLOOR** mounted **electric height adjustable worktop lift systems**. Used to **lower** and **raise** worktops **vertically**, at the touch of a button.

- Baselift CORNER models are available in **three** different configurations
- Models – 6311HA, 6312HA, 6313HA
- **PLUSMODULES** can be added/fitted to either side allowing for greater accessibility
- **PLUSMODULES** are available in many sizes and left and right side
- Baselift CORNER models have **increased** frame height for installation of **sinks, cooktops** and **drawers**
- Equipment in the worktop surface is selected according to the desired function
- Baselift models have a safety system underneath front edge and lowering stops when it encounters objects or obstruction
- Baselift models offer a range of accessories including cover panels to conceal services below the worktop surface (motors, water, etc) creating a more discreet appearance

Why would you choose a **floor** mounted system? To enable installation when wall fixings are unavailable or difficult to achieve. Can also be used for freestanding kitchen island/peninsula.

Use in **seated** or **standing** positions, the open area below/underneath the worktop surface provides extra space for legs and knees, thus allowing for easy and direct access.

The lifts can be used for **new** or **existing** installations and **relocated** (if required). They can be used separately or in conjunction with wall cabinet lifts to totally adapt the space.

Our height adjustable worktop lift systems help create **adaptable** and **functional** environments for individuals and facilities. This **assistive technology** caters for all ages, varying needs and abilities.

HOW - by making it easier, safer and more convenient to perform everyday tasks or activities, promoting participation and independence and helping to improve **accessibility** for all.

BASELIFT 6310HA**Electric Height Adjustable Worktop Lift Systems—FLOOR Mounted—CORNER Models**
