

Creating accessible, adaptable living and work environments

Home | Healthcare | Senior Living | Workplace | Education | Community

Our height adjustable washbasin lifting systems allow for adaptability and flexibility and can be used in a seated or standing position. They are designed to assist the elderly, people living with a disability, carers & everyone using the space. This helps to increase the usability of the space and cater for changing needs.

Height Adjustable Washbasin Brackets – Electric for frequent or daily adjustment

Height Adjustable Washbasin Brackets – Gas lift for infrequent or occasional adjustment

Height Adjustable Washbasin Brackets – Manual for very infrequent adjustment

### Adaptable Living and Working Solutions
